October 20, 2016

Dear Friends of Morning Star Zendo,

As the autumn season unfolds, we, at Morning Star, turn off the air conditioning, open windows and enjoy the crisp, fresh air that fills our lungs, we hear again the voices of feathered friends, and as the sun rises and bathes the zendo with a soft golden light, we sit with gratitude.

And as the rest of the world turns toward the joy of the harvest season we, too, rejoice in the abundant harvest of the spirit that your generous support has made possible for the sangha, which extends from Morning Star in Jersey City to our brothers and sisters in many distant places.

You are at the heart of this work because, without your support, we would find it hard to keep the door open and the lights on, let alone bring the dharma to our brothers and sisters here and in other states and nations.

And so, with humble gratitude we ask you once again to renew your support of this great work. Remember that no gift is too small, since when all gifts from members of the sangha are finally gathered, it will be enough. So please give what you can, as you can. If you wish, you can use the links below to use Pay Pal to make the process easier, and of course, the ordinary mail still works just fine to deliver your checks. And remember any contribution is tax-deductible.

In deep gratitude

Michael Braden SJ

PS: Please send your tax deductible checks to Morning Star Zendo at the address in the letterhead, or if you prefer, open the attachment and click one of the secure **Paypal** buttons now. Again, many thanks for your generosity.
